

## WP 4.2 Reference groups

 Northern Periphery Programme  
2007-2013

Intensively investing in Europe's Northern Periphery for a sustainable and prosperous future

 European Union  
European Regional Development Fund

## Expected outcome...

- Diminished obstacles for the entrepreneurship, hunting tourism as generally recognised sustainable nature tourism business opportunity, networks between different level actors to promote the sector and sustainability (administration, SMEs, local people, research).

## ...and also

- criteria for sustainable hunting tourism/guidelines as a tool for the existing networks and rural development actors
- one report presenting the results of the criteria work groups
- 6 national work group sessions in Finland, Sweden, Iceland, Canada, Scotland

## What have we done so far?

- Finland: 2 meetings
- Sweden 2 meetings
- Iceland 1 meeting
- Scotland?
- Canada?

## Next meeting

- We decided yesterday (or the day before?) that during the next meeting we would have a mini evaluation. Approx. 15 min. session to get an overall assessment.

## Next steps

- What role can the reference groups take in the development of hunting tourism nationally?
- How can we achieve an exchange between reference groups?
